2. Unless we have expressly entered into a Dual Fuel Agreement with you, we have separate Agreements for the supply of electricity and gas and we will issue you separate bills.

2. DEFINITIONS

Capitalised terms in this Agreement have the same meaning given to those terms in the Definitions section of this Agreement or in the Relevant Laws (some of which are explained in simplified form in the Definitions section of this Agreement).

3. SCOPE OF AGREEMENT

1. We agree to sell you Energy at your Supply Address, meet our other obligations under this Agreement and to comply with the Relevant Laws.
2. You agree to buy Energy from us at your Supply Address, meet your obligations under this Agreement and to comply with the Relevant Laws.

Contact your Distributor directly in the first instance in the event of a fault or Emergency. Their number is printed on your bill.

4. WHEN DOES THIS AGREEMENT, AND SUPPLY OF ENERGY START?

4.1 When does this Agreement start?

1. This Agreement starts on the date you accept our offer to supply you with Energy, or if you are an existing customer, on the date you agree to be supplied under this new Agreement.
2. If you are currently supplied by another Retailer, then by entering into this Agreement you have given your consent to transfer the responsibility for supply of Energy at your Supply Address from that Retailer to us. You will continue to be supplied by that Retailer until the transfer to us is complete.

4.2 When does the supply of Energy start?

Supply under this Agreement will start on the date:

1. you have satisfied any pre-conditions set out in the Relevant Laws; and
2. metering equipment has been installed (if it is not already in place) at your Supply Address which complies with the Relevant Laws; and
3. your assigned meter identifier, being the unique number that identifies your electricity and/or gas supply point, has been transferred to us and we become responsible for the Energy supplied at your Supply Address under the Relevant Laws.

To cancel you must notify us either in writing or verbally that you would like to end this Agreement. You can use the Cancellation Notice enclosed with this Agreement to notify us if you wish.

4.4 Assumptions

When we enter into an Agreement with you, we need to make some assumptions including about the type of Meter installed at your property, the amount of energy to be consumed and the tariff charged to us by the Distributor. If we find that any of the assumptions on which we based our offer are incorrect, we will provide you with written notice to advise you of the correct information and a revised offer. In that event your Cooling Off Period will restart on the date you receive the revised offer.

We will notify you between 40 and 20 Business Days before the Fixed Term End Date that this Agreement will be coming to an end and that we will continue to sell you Energy under a Standard Retail Contract on the applicable electricity standing offer rates or gas standing offer rates, in accordance with any Relevant Laws, unless you enter into a new retail contract with us for the same Energy at your Supply Address or you move to another Retailer, which will end this Agreement in accordance with clause 5.2, or you otherwise chose to end this Agreement in accordance with clause 5.1.
